THE SPIRIT OF TAG

TAG is the preferred service provider for business jet travelers and owners across Europe and Asia. Our company is recognized for setting unrivalled standards in the industry and consistently applying its corporate values in the conduct of its business. Our values are in everything we do.

INTEGRATED PRIVATE AVIATION SERVICES

For more than a half - century, TAG Aviation's name has stood for excellence. Setting the benchmark for aircraft management, charter, maintenance, training and FBO, we have gone above and beyond to deliver unparalleled service in the sky and on the ground. Every detail is handled with Swiss precision so you can travel efficiently and in comfort. We attend to every need with a highly personalised touch so you feel understood and taken care of. We're honest and open in everything we do to make sure you encounter no surprises, at least not the kind you don't enjoy.

As pioneers in private aviation, TAG has created a holistic range of solutions for our clients. Operational in 11 locations across Europe and Asia, we pride ourselves on an international service, unmatched across the globe. We are committed to providing you with solutions that demonstrate a true understanding of your personal needs, delivered by highly trained teams of dedicated professionals who will always put you at the heart of their endeavors.

We are in a unique position to evaluate your needs, source the best aircraft, and negotiate its purchase. Factory-new or pre-owned, our Aircraft Acquisition Services will provide a complete review of all the options based on your operational and financial expectations.

AIRCRAFT ACQUISITIONS

Pre-Owned Aircraft Solution

Our expertise and network allows us to locate a pre-owned aircraft configured as closely as possible to your needs. You can rely on our experts and our selected partners to ensure it is in perfect condition upon delivery.

Factory-New Aircraft Solution

We have deep relationships with all the major OEMs around the world. Your dedicated acquisition expert will work alongside you with your best interests in mind and advise on the selection of options, equipment and maintenance programs.

AIRCRAFT MANAGEMENT

TAG Aviation has operated, maintained and managed private and business jets since 1966. Over the years, we have developed our people and proprietary procedures to ensure we can consistently satisfy the core needs of aircraft owners, namely: providing a comprehensive range of industry leading solutions combined with a unique blend of client service. At TAG, we understand that each owner is different, which is why we developed specific turn-key solutions to meet your individual requirements.

Our objectives are clear and focused, which is to provide:

- An uncompromising approach to safety and security
- An exceptional level of customer service
- Measurable value

CHARTER

Bespoke, seamless, and truly unforgettable - discover the TAG difference in charter flying. We encompass luxury, comfort, safety and flexibility to ensure an experience of a lifetime.

We operate the most diverse fleet of business jet aircraft.

Your private jet charter flight with us is a uniquely personal experience. No two journeys are ever the same, and with air charter bases in Europe and Asia, with preferred partners all over the globe, we can fly you anywhere in the world, in an aircraft that suits your needs, every time.

With over 50 years of private jet charter experience, we are one of the most established and trusted brands in the industry. By choosing to fly with us you will experience exceptional levels of personal service and flexibility, along with the peace of mind that comes from our industry-leading safety culture.

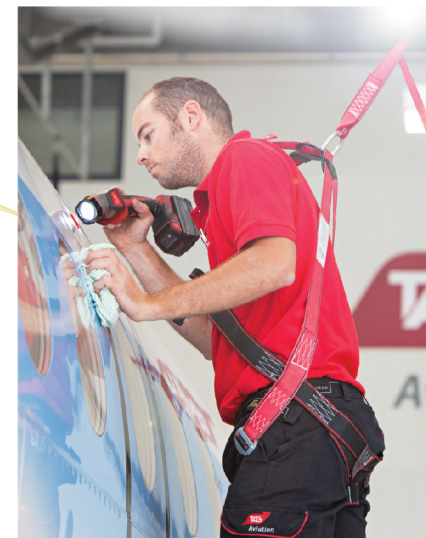

With our 24/7 flight operations center, we are pleased to offer worldwide trip support services.

INTERNATIONAL TRIP SUPPORT

We provide global flight support services to business aviation operators, adding value every step of the way by leveraging our network to create a seamless experience for our customers. Our 24/7 flight operations center specializes in providing timely and cost effective trip support from ground handling, flight planning and overflight permits to crew accommodations, transportation, and concierge services.

MAINTENANCE

TAG Aviation Engineering provides world-class maintenance and cleaning services at either of our permanent base stations in Hong Kong and Macau, or across the APAC region with Mobile Repair Party teams. Our primary line stations are dedicated to providing clients with a wide range of maintenance, technical, and cleaning services at the highest standards, directly on our bases or wherever your aircraft needs assistance.

Enjoy the ultimate in professionalism, service and attention at our state-of-the-art FBO.

TAG MACAU FBO

We officially opened our first FBO within APAC in 2019. Based in Macau, the facility marks a milestone for TAG, expanding our business to meet the growing demand within the region.

TAG Macau FBO offers a comprehensive suite of 24/7 passenger services, including VIP and business-executive amenities, on-site customs and immigration clearance, flight planning and chartering capabilities, as well as aircraft maintenance and servicing.

Delivering award-winning training to pilots and cabin crew globally since 2007.

TAG GLOBAL TRAINING

TAG Global Training trains over 4,000 aviation professionals every year from our world-renowned training base at Farnborough Airport. Our facility has all the latest teaching amenities and an unrivalled reputation for training excellence. The TAG Global Training Centre provides two integrated services for corporate and commercial jet personnel: TAG Global Training Ground Courses & the TAG Academy.
